

Dear Parents/Guardians,

10/16/09

Many of you have already returned the consent forms for the H1N1 vaccine to be administered to your child at school. We have recently received notification from the Whiteside County Health Department of the dates which the vaccinations will be given. All vaccines will be the in-activated virus which is the injection type. **No nasal mist will be administered.** The date for Morrison Junior High is **Friday, October 23rd from 11:00 P.M. to 1:00 P.M.** in the gym. If you wish to be present please contact the school so we can make arrangements. For those who did not turn in a consent form, please call the junior high and express your interest in this free vaccination.

If this date and time will not work for, the Whiteside County Health Department located in Rock Falls will be offering a free vaccination clinic tomorrow October 17th from 8:00 A.M. until 2:00 P.M. for all children 6 months to 24 years of age, women who are currently pregnant and caretakers/parents for children six months and under.

Thank you,

Morrison Junior High
