

Open the Schoohoo page and click on Receive Alerts as seen to the right

You will not have an account so you should click on the Click here link as seen to the right

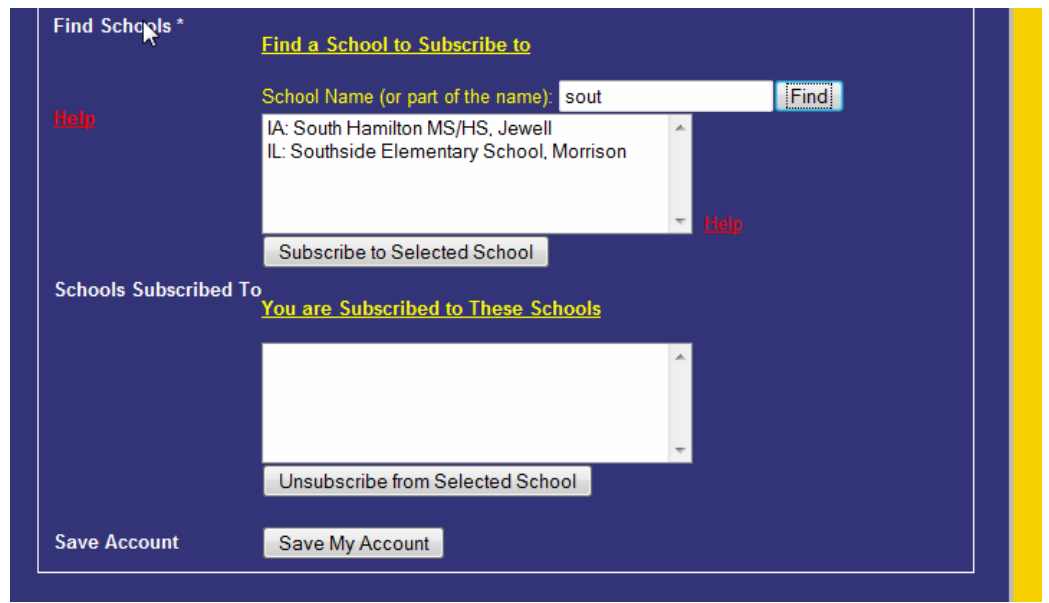

You will need to fill out the registration form on the following page that page looks like the one on the right. If you put in your cell phone they will send you a text message alert. And or put in your E-mail address and you will get alerts there.

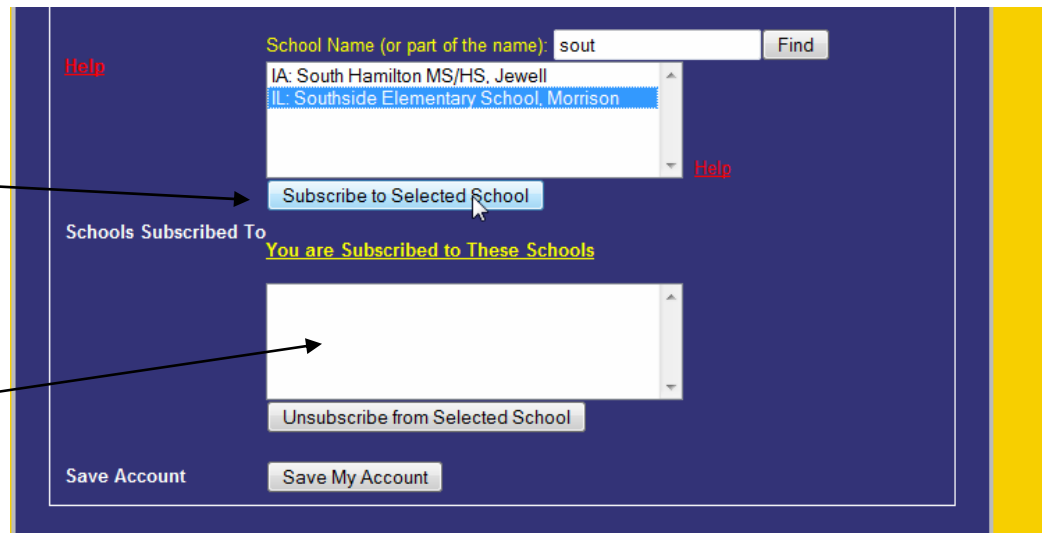

I signed up for both for myself.

The image shows a registration form on a dark blue background. At the top, it says 'Schoohoo.com - Create / Edit User Account'. Below this is a paragraph of text explaining the service and its terms. The form consists of several input fields and dropdown menus: 'First Name *', 'Last Name *', 'Email *', 'Password *', 'Address Line 1 *', 'Address Line 2', 'City *', 'State *', 'Zip *', 'Phone 1', 'Phone 2', 'Fax', 'Mobile Phone 1', 'Mobile Provider 1' (with a dropdown menu), 'Mobile Phone 2', 'Mobile Provider 2' (with a dropdown menu), 'I am a *' (with a dropdown menu), and 'Find Schools *'. At the bottom right, there is a link that says 'Find a School to Subscribe to'.

You should then type in the name of the school or part of the name of the school you want to subscribe to. As you can see I typed in sout and I got two schools to pick from.

High light the school you wish to subscribe to and click the button “Subscribe to Selected School” As seen to the right

After clicking on the subscribe to button the school should appear in the window at the bottom of the screen

You may add as many of our schools as you wish then click on the “Save My Account” button

You are now ready to receive Alerts
